TABLE OF CONTENTS

Volume 61

Anderson, L. E. The mosses of North Carolina. VII. Addenda and corrections 204
———. The mosses of North Carolina. VIII. Grimmiaceae to Orthotrichaceae 285
Andrews, A. L. Notes on North American *Sphagnum*. X. Review 269
Arnell, S. New species of *Asterella* and *Riccia* from Sto. Domingo and Cuba 140
Barnes, Clara. The genus *Paraleucobryum* 335
[Bryan, Virginia S.] Members of the American Bryological Society 389
Clark, Lois. *Frullania brauteliana* 146
———. *Frullania dubia* 149
———. *Frullania gymnotis* found in the United States 67
———. *Frullania longicollis* 143
———. Hepaticae collected by Svihla near Seward and Fairbanks, Alaska 152
Crum, H. *Anacamptodon* in North America 136
Crundwell, A. C. The meetings of the British Bryological Society, 1957 154
Culberson, W. L. Recent literature on lichens 97, 167, 265, 385
Dix, W. L. On *Anaptychia leucomelaena* fo. *filiformis* 153
Editor. News and Notes 100, 170, 268, 388
Felix, C. J. Mosses of Harlan County, Kentucky 242
Fulford, Margaret. Recent literature on hepatics 381
———. Recent literature on mosses 92, 164, 262
——— **& R. E. Hatcher.** *Triandrophyllum*, a new genus of leafy Hepaticae 276
Gates, B. N. A new soil-binder for preserving lichen specimens 249
Gilbert, W. J. *Porella pinnata* in Michigan 246
Györffy, I. Novitas Bryologica. VII. Pleurocarpy in *Polytrichum commune* var. *uliginosum* 132
Hale, M. E., Jr. Studies on the chemistry and distribution of North American lichens (10-13) 81
———. The status of *Usnea diplotypus* in North America 247
Higinbotham, Betty Wilson & N. Higinbotham. *Brachythecium hylotapetum* n. sp. 339
——— & ———. Notes on some specimens of *Brachythecium* and *Cirriphyllum* from the Pacific Northwest 350
Howard, Grace E. Some lichens of western Alaska 85
Inoue, H. An arctic *Scapania* found in the Chichibu Mountains, Japan .. 259
Iwatsuki, Z. Review of the genus *Homaliadelphus* 68
——— **& A. J. Sharp.** *Molendoa sendtneriana* in the United States .. 356
Koch, L. F. Reviews 163, 261, 380
Kucyniak, J. On *Drepanocladus badius* in continental North America .. 124
Lawton, Elva. Mosses of Nevada 314
Martin, W. Notes on *Cladonia*, subgenus Clathrina 78
———. Survey of moss distribution in New Zealand 105

Moul, E. T. The bryophytes and lichens of Onotoa, Gilbert Islands.. 370
Noguchi, A. & H. Furuta. Regeneration in *Brothera leana*..... 361
Persson, H. The genus *Takakia* found in North America..... 359
——— **& W. A. Weber.** The bryophyte flora of Mt. McKinley National Park, Alaska..... 214
Pursell, R. A. Discovery of *Solmsiella kurzii* in Louisiana..... 366
Schuster, R. M. Annotated key to the orders, families and genera of Hepaticae of America north of Mexico..... 1
Scott, E. B. & H. A. Miller. Notes on Hawaiian Hepaticae. II. Ricciaceae..... 367
Steere, W. C. Bryophyta of arctic America. VII. A collection from the delta region of the Mackenzie River..... 182
———. *Mnium andrewsianum*, a new subarctic and arctic moss..... 173
———. *Oligotrichum falcatum*, a new species from arctic Alaska.... 115
———. The discovery of *Orcas martiana* in arctic Alaska; a genus new to North America..... 119
———. Review..... 161
Svihla, Ruth D. Frullaniaceae of Burma. III. *Frullania kalawensis* n. sp..... 373
———. Frullaniaceae of Burma. IV. *Frullania maymyoensis* n. sp..... 376
Tarén, Niina. Factors regulating the initial development of gemmae in *Marchantia polymorpha*..... 191
Taylor, E. C., Sr. Residual leaves from brood-branches of *Philonotis caespitosa*..... 257
Taylor, Jane. The sexual branches of *Acromastigum bancanum*..... 252
Thomson, J. W. & E. H. Ketchledge. The 1957 forays of the American Bryological Society of the Santa Cruz Peninsula, California..... 155
